---

January 6, 2012

Erlton Community Association  
Planning Representative

Dear Sir / Madam,

The following comprises the Planning Policy Review for the above stated Development Permit application. Should you have any questions, please contact me at 403.268.8858 or [Ian.Bamford@calgary.ca](mailto:Ian.Bamford@calgary.ca).

Yours truly,

Ian Bamford, Planning Implementation  
Development and Building Approvals

## **Comments on Relevant City Policies**

### **Municipal Development Plan**

#### **“3.5 Developed Residential Area**

Developed Residential Areas include those communities that have been built out and are at various stages of their life cycle, either as stable residential communities or those experiencing moderate redevelopment activity.

#### **3.5.1 General – Developed Residential Area Policies**

a) Recognize the predominantly low density, residential nature of Developed Residential Areas and support retention of the housing stock or moderate intensification in the form and nature that respects the scale and character of the neighbourhood.

c) Redevelopment should support the revitalization of local communities by adding population and a mix of commercial and service uses.

#### **3.5.3 Established Areas**

The Established Area comprises residential communities that were planned and developed between the 1950's and 1990's. They are primarily residential communities containing a mix of low and medium density housing with support retail in relatively close proximity.

#### **Land Use Policies**

a) Encourage modest redevelopment of Established areas.

The proposed development meets the intention of the Municipal Development Plan for this site.

### **Erlton Area Development Plan**

According to this policy document the site is designated “Low Density Residential”.

#### **The Low Density Residential Housing Guidelines for Established Communities (Infill Guidelines)**

The guidelines have been developed to establish high standards of design and development and to encourage new development and redevelopment which respects and enhances the overall quality and character of the community in which it takes place,

#### **4.5 Privacy**

##### **4.5.1 Placement of Windows / Second Storey Balconies**

Guideline: The privacy of adjacent residence should be respected,

It is important to respect the privacy of adjacent residences and their access to sunlight. Windows should be carefully placed and orientated to face away from neighbouring yards to help protect their privacy.

The windows on the east and west elevations may be privacy issue for the adjacent dwellings.

### **Bylaw Discrepancies**

<b>Regulation</b>	<b>Standard</b>	<b>Provided</b>
343 Fences	The height of a fence above grade at any point along a fence line must not exceed:  (a) 1.2 m for any portion of a fence extending between the foremost front façade of the main residential building and the front property line;	Plans indicate the portion of the fence along the East property line that extends beyond the foremost front facade is 1.83m (+0.63m) in height.

### **Permitted Contextual Use Rules**
