Resignation

Dear Erlton Community Association Board of Directors,

Due to differences of opinion within the Board of Directors relating to guiding principles for professional standards and code of conduct for the organization, I no longer feel that I can effectively lead the Erlton Community Association. I am hereby tendering my resignation as President of the Erlton Community Association's Board of Directors, effective immediately.

I wish the Board and its members all the best in the future.

Regards,

Kirt van der Woude

President

Erlton Community Association
