Your department has refused to provide the bylaw check for this DP to enable us to make an informed comment. We are thus unable to commit to the Planning System core values: innovation, collaboration, transparency, accountability, trust, and responsibility, since your department does not support these values.

We request that in any decision that is rendered, the decision specifically note that the Erlton Community Association requested and was not provided with the above noted information; and advised your department that without the information they were unable to make an informed comment.

Finally, please provide us with a copy of the notice of decision, along with a complete list of relaxations and the justification for them. We need this in order to discuss and determine their impact on the neighbouring homes and our community.
